

# Setting up Wi-Fi on SU iPad

**Note:** Your Wi-Fi address needs to be registered by a helpdesk agent for you to be able to have access on campus

Open up settings from your home screen

Select **General** and then **About** and then scroll down the list to find your Wi-Fi address

Once registered for either **Secure** or **MatiesWifi** by the Helpdesk Agent, go back to **Settings** and select **Wi-Fi**

Select the wifi network you were registered for, either Secure or MatiesWifi.

If you were registered for **Secure**, you will be prompted to fill in your SU Username and Password

**Note:** These settings can also be used on an iPhone running iOS7
